

The is the house that the 2015 Work Mission Team will be working. There is a brief description of the work that needs to be done.

Porch Banisters

Build front porch banisters using 2x4's for banister stringers, 5/4"x6 for banister top rail, and rip 2x4x12's for making spindles.

Back Steps

Build steps for the back deck using 4x4's for post, 2x4's for hand-rail, precut Step Stringers for steps, and 5/4"x6x8 cut to length for the step treads.

Bedroom Walls

Finish the bedroom Repairs 14x14, using sheetrock mud, tape, sand and paint. Trim the window and the room using quarter round, and 1x4's for baseboards.

Bathroom Door

Replace the Bathroom door using a 30" RH pre-hung door, 2x4's and/or 1x4's for framing or fill.
